The Militarum Auxilla is a specialist division of the Astra Militarum that contains most of the Abhuman units of the Imperial Guard. As the nascent Imperium of Man regained contact with the rest of Humanity during the Great Crusade, its servants discovered populations that had developed into true Human sub-species. Most of these Abhumans were killed, but some, such as the Ratlings and Ogryns ...

This is the first real mini-dex to include completely new models (even though the models will also be used in the Astra Militarum codex next week). This is significant, because in this mini-dex, we are seeing for the first time some new wargear that other codices might see as well, as well as the new unit types (Tempestus Command Squad).

Codex: Militarum Tempestus- A First Look

Astra Militarum. The Claw of the Desert Tigers relic is now Strength +1.Fitting, as it's a power sword. Also note that the above plasma changes also apply to the Executioner Plasma Cannon, making it a teensy bit safer to shoot at airborne and densely-covered targets with it.Same goes for the Emperor's Fury relic, which kills its user on an unmodified roll of 1 to hit.

The Astra Militarum is the main fighting force of the imperium. Unlike Space Marines or even Tempestus scions, your average guardsman is just a regular infantryman without all the bells and whistles. They don't have superhuman strength or an entire childhood worth of training, they are just regular people.
