Book review: '45 Pounds (more or less)' by K.A. Barson
Overall, 45 Pounds (More or Less) is the kind of book I would recommend to anyone and everyone. It’s one giant life lesson, without being in your face. It’s not preachy or judgmental – It’s life, plain and simple.

45 Pounds (more or less) by K.A. Barson Review
I'm so happy to recommend author KA Barson's debut novel 45 Pounds (More or Less). It's a funny contemporary novel about a root-for-her heroine and her dysfunctional family. In this case, the dysfunctionality centers (mostly) around food, since Ann is overweight and has a high-pressure, stick-thin mother.

45 Pounds Quotes by K.A. Barson - Goodreads
Setting: present-day,in an average, modern, town. Point of View- First Person (Ann) Ann is a seventeen-year-old girl uncomfortable with her weight. She's determined to reach her goals, but also procrastinates. She very kind, but is too shy to talk to people because of her

45 Pounds (More or Less) by K.A. Barson | Book Review ...
45 Pounds (More or Less) is kind of the YA fiction version of The Biggest Loser. Except without all the screaming trainers and backstabbing co-contestants and ridiculous challenges.

45 Pounds (more or less) Overview. Here are the numbers of Ann Galardi’s life: She is 16. And a size 17. Her perfect mother is a size 6. Her Aunt Jackie is getting married in 2 months, and wants Ann to be a bridesmaid. So Ann makes up her mind: Time to lose 45 pounds (more or less).

45 Pounds (More or Less) by K.A. Barson - The Book Addict ...
45 Pounds (more or less) by K.A. Barson is a book that is about several things actually, but I saw it mainly about Ann’s journey into trying to lose weight and then trying to find a healthy lifestyle – including seeing herself in a healthy way, which I loved.

45 Pounds (More or Less) | 60second Book Review
45 POUNDS (MORE OR LESS) was a really fun book for me to read! I feel like I haven’t seen a lot of weight issues/themes in YA books for whatever reason, but back in the day (you know… like, a year or two ago) when most of what I read was a cozy mystery or “chick lit”, I feel like soooo many of them dealt with an overweight protagonist or a girl that was struggling with her weight in one way or another but I never really saw that in YA and yet, it’s still something that a lot of ...

“I'm still not at my ideal weight. I didn't lose forty-five pounds before the wedding. Who knows if I ever will. I've lost twenty-seven and a half pounds, and that's better than nothing. Somehow, though, today I'm thinking more about what I've gained than what I've lost.” — K.A. Barson, 45 Pounds

45 Pounds (More or Less) shows girls that proper diet and exercise are geared toward health and fitness, not a specific size/number. Positive Role Models & Representations Ann, the narrator of 45 Pounds (More or Less) , learns a lot about herself from dieting and exploring the reasons for her food struggles.

45 Pounds (More or Less) | K.A. Barson, Author
Unwisely determined to lose 45 pounds in two months in order to look good in a bridesmaid’s dress when her aunt marries her girlfriend, Ann buys a diet program from an infomercial. Her account of suffering horrendous exercise videos and bad food is both funny and sad, and she falls off the wagon several times.

45 Pounds More Or Less
45 Pounds (More or Less) is the funniest book I have ever read about an issue that American Teens are facing in this skinny minny world we live in. I have lived Ann's life. I was skinny all my life until I hit 18 years old and then I gained a little weight at college and then I gained weight when I had my children and it is a nightmare.
