The National Science Board (NSB, Board) wishes to thank the many individuals who gave their time and thoughtful input to this report. In particular, the Board wishes to thank the ad hoc Companion Report Working Group (Working Group), which led the development of the report on behalf of the NSB.

Companion Technology - IEEE SMC

America's competitive edge in this "flat world," its strength and versatility, all depend on an educational system capable of producing young people and productive citizens who are well prepared in science and mathematics. This report demonstrates that there is a need to make drastic changes within the Nation's science and mathematics classrooms.
