*Blackett's War: The Men Who Defeated the Nazi U-Boats and ...*

'Blackett's War: The Men Who Defeated the Nazi U-Boats and Brought Science to the Art of Warfare' by Stephen Budiansky. Blackett, a proper gentleman, had been a naval officer at the Battle of Jutland, the Great War's one and only old-time fleet action. He "enjoyed shooting at the enemy during the war," as he put it.

*[Blackett's War] | C-SPAN.org*

Patrick Maynard Stuart Blackett, Baron Blackett OM CH FRS was a British experimental physicist known for his work on cloud chambers, cosmic rays, and paleomagnetism, winning the Nobel Prize for Physics in 1948. In 1925 he became the first person to prove that radioactivity could cause the nuclear transmutation of one chemical element to another. He also made a major contribution in World War II advising on military strategy and developing operational research. His left-wing views saw an outlet i

try a new strategy in the foundering naval campaign.

*Blackett's War: The Men Who Defeated the Nazi U-Boats and ...*

The central figure in Budiansky's history is British physicist Patrick Blackett, a naval officer and Great War combat veteran who left the Navy, studied at Cambridge and conducted ground-breaking research for years in the University's Cavendish Laboratory, one of the world's leading experimental facilities in the physical sciences.

*Blackett's War by Stephen Budiansky: 9780307743633 ...*

The Men Who Built America (also known as The Innovators: The Men Who Built America in some international markets) is a six-hour, four-part miniseries docudrama which was originally broadcast on the History Channel in the Fall of 2012, and on the History Channel UK in Spring of 2013.

*BOOK REVIEW - Blackett's War: The Men Who Defeated the ...*

Blackett's war is a very readable and informative book detailing how looking at problems from a different point of view can make a big difference. Although a naval fighting man during WWI, Patrick Blackett was primarily a scientist (and future Nobel Prize winner),
