It is essential that any department or project be able to continue if the PM is sick or leaves the business. So, skills, knowledge and who to talk to up the chain to are all essential factors that deputy managers or subordinates must be primed with should a gap appear in the chain.

## **6 Essential Management Skills Needed in 2020**

The second essential duty of a project manager is to allocate tasks. Again, this is often overlooked and leads to huge delays in projects. Many project managers are what I call “Desktop PMs” – meaning that they draw up a very nicely detailed project plan in Microsoft Project, share it with executives and say that this and that will be done by when.
