12 Values In Life (To Guarantee Happiness and Fulfillment)

In ethics, value denotes the degree of importance of some thing or action, with the aim of determining what actions are best to do or what way is best to live (normative ethics), or to describe the significance of different actions. Value systems are proscriptive and prescriptive beliefs; they affect ethical behavior of a person or are the basis of their intentional activities.

Harry Kraemer: From Values to Action - YouTube

From the start, we've been committed to doing the right thing. And every day, all around the globe, we put people, processes and practices into place to make quality food, more responsible sourcing choices, a stronger community and a better planet. In accordance with our McDonald's values, we're here to make a difference, and here's how.

What Are Your Personal Values? How to Define & Live by Them

Values in Action is about building a culture in the health service that reflects our values, so that they are evident every day in every workplace. The health service has made two bold decisions; to translate our values into specific behaviours, and to start a movement to make sure that they are not just words, but become the core of our health service culture.

39 Core Values—and How to Live by Them | Psychology Today

Shared values are the basis for a common code – a value-based compass – that speeds up decision making and unites those who share that code. By expressing those values, the common code articulates different aspects of the shared mission and becomes
