Many natural hair products contain
coconut oil, another emollient perfect for
sealing moisture into the hair. Coconut
oil provides both shine and strength to
locks, making it a popular ingredient for
naturals. Coconut oil can also be used as
a leave-in conditioner for for thicker
textured hair.

Inahsi Naturals

CBD, touted as the new “super beauty ingredient”, integrates naturally with the body’s endocannabinoid system which helps to regulate hair loss and control dry hair and scalp conditions. It contains all 21 known amino acids, including Tyrosine, which helps to maintain hair color.

Premium Hair and Skincare Products | MONAT Global

Hair Care products are those that help to control the properties and behavior of the hair so that it can be maintained in a controlled and desirable manner. This can include hair conditioners, hair sprays, hair straighteners and relaxers, permanent waves, shampoos, rinses, tonics and dressings. For ingredient and safety information on hair care products,

The United States Environmental Protection Agency lists propylene glycol as one of the top 10 ingredients used in hair-care products that can potentially impact health with overexposure. Found in conditioners, shampoos, hair dyes, and styling gels and lotions, this offender breaks down healthy hair proteins and cellular structure while giving the appearance of shiny, smooth hair.
