Halo: Evolutions is a science fiction distant future book of war stories. Most of the conflicts in the story can't happen in real life but some can. The story takes place on alien planets. The story is based around a boy named Soren, who is given the opportunity to leave his planet and all the pain with it for a better chance at life.

Halo evolutions Put plain and simple, this book is well written science fiction. Since it's a collection of shorts I'll just try to skim over some of the books content. One of my best reads was actually the first story in the book about Soren-66, a Spartan that failed to scale through the augmentation process in one piece.
