Operating Manual and Maintenance Instructions

HAMILTON STANDARD PROPELLERS The story of aviation is man's great struggle to conquer the air as he has the land and sea over the centuries. In the past century his quest to touch new horizons - to become a part of infinite space - has brought about the design and manufacture of larger and more powerful airplanes reaching greater altitudes, reducing time, and riding with increased ...

Phillips Aviation specializes in the worldwide supply of Hamilton Standard Propeller parts. No Minimum orders; No extra charge for International Shipping

3 Blade Hamilton Standard Propeller | Aircraft of World ...

Four different propeller systems have had the honor of being used to help the C-130 take flight, including Curtis Electric propellers, three-bladed Aeroproducts propellers, the four-bladed Hamilton Standard 54H60 and the six-bladed Dowty R391 propeller. However, all active C-130J aircraft employ the R391.

Hamilton Standard Replacement ... - RSW Products, Inc.

Propeller systems for today's turboprop-powered aircraft provide thrust that enables the flight of an aircraft. Propeller Systems provides complete solutions including blades, hubs, and digital electronic controls that incorporate advanced aerodynamics, structures, control dynamics, software and de-icing Components.

Getting to Know the 54H60 Propeller System

We propose to adopt a new airworthiness directive (AD) for Hamilton Standard Division model 6/5500/F and 24PF and Hamilton Sundstrand Corporation model 14RF, 14SF, 247F, and 568F series propellers. This proposed AD was prompted by the amount of corrosion detected during major inspections (MIs)....

Hamilton Standard Propellers

The Hamilton Standard Hydromatic propeller introduced in the 1930s was a significant advance over the counterweight, controllable pitch propeller. Application of oil pressure to both sides of the actuating piston provided increased capacity and the capability of feathering or unfeathering by a single control knob.

Hamilton Standard - Wikipedia

Hamilton Standard Hydromatic Propellers Many of the hydromatic propellers are used with older type aircraft involved in cargo operations. A hydromatic propeller has a double-acting governor that uses oil pressure on both sides of the propeller piston. Many larger turboprop systems also use this type of system.
