### Handbook of Personality: Theory and Research by Oliver P. John

Tripartite Theory of Personality Tripartite Theory of Personality. Freud (1923) saw the personality structured into three parts (i.e., tripartite), the id, ego, and superego (also known as the psyche), all developing at different stages in our lives.. These are systems, not parts of the brain, or in any way physical. The id is the primitive and instinctive component of personality.
