Harmonic Colours For Bass Book/CD - Kogan.com

This complex mix of frequencies comes from the harmonic series. The proportion of an instrument's overtones is what gives it its color, or timbre. Now that you understand some basics of sound, frequencies, the harmonic series, and the origin of musical tone, let's look at where the bass fits in the human hearing frequency range.

Harmonic Colours For Bass A Musical Approach To Chord And ...

Download the free chord charts: bass-harmonics-chord-charts Background. Natural harmonics are points on a bass string where an unusual, bell-like tone is produced if you lightly fret just above the fret itself and pluck the string. Jaco Pastorius opened the door for all bass players with his composition 'A Portrait of Tracy': a jaw-dropping piece of music written in 1976.
