Healing The World Today's Shamans As Difference Makers

Modern shamans are still doing the same things shamans have always done. They stand on that bridge between this reality and the next ready to bring back whatever knowledge is needed. Today shamans can help people with the same problems their ancestors suffered with when they were squatting in the dust sixty thousand years ago.

Shamanism in the Modern World | Shamanism - ShamansCave

Shamanism is a religious practice and belief system that involves a practitioner, a shaman, who is believed to interact with a spirit world through altered states of consciousness, such as trance. The goal of this is usually to direct these spirits or spiritual energies into the physical world, for healing or some other purpose.

Shamanic Healing: What Is Shamanism And How Can It Heal ...

Shamans don't just reside in this world, they journey between the human world, the world of nature, and the spirit world. Through the use of techniques like drumming, sacred plants, chanting and dream-states, the shaman accesses states of consciousness through which he can communicate with different dimensions of being and channel their energies back into the human world.
