The Human Rights Act obliged all courts and tribunals in the United Kingdom to interpret legislation which is compatible with the rights as described in the European Convention on Human Rights. But there are certain limitations to judicial creativeness and now it is clear that the courts may not interpret Acts of Parliament, which can negatively affect to its true meaning.

region without such a regional human rights mechanism. Cultural and political diversity, together with a lack of political will, are the main factors that explain why no such mechanisms have really flourished in this region. What seems more plausible, however, is the hope that sub-regional human rights mechanisms will
