Landscape and Memory by Simon Schama - Goodreads

The landscape is a work of the mind, argues Schama, another compartment in the cultural baggage we all lug about. The scenery is built up as much from strata of memory as from layers of rock, shaped by the same rich and complex traditions that frame other aspects of our cultural world.

Amazon.com: Customer reviews: Landscape And Memory

Everything is 'going' for Landscape and Memory. Contradicting the claim that traditional books are on the verge of being totally superseded by E books, Simon Schama's book is an absolute treasure of a book. Not only is Landscape and Memory brilliantly written by a hugely admired historian, it is also a thing of beauty.
