Left of Bang. The book's title, Left of Bang, is a reference to the timeline of a deadly force incident. "Bang" is when shots are fired, the attack begins, or damage is done. On a timeline moving from left to right, "right of bang" is what happens after the fight begins. In the worst-case scenario, you're a casualty to the right of bang.

Notes: Left Of Bang
Left of Bang. For those of you who are unfamiliar with this book, it provides guidelines and instructions on how to look at individuals and environments in order to detect early warning signs and indicators of impending danger. The term Left of Bang refers to the attack timeline where Bang (in the middle) is the attack.
