How to build LEGO guns that work!

Most Lego guns use a simple rubber band action, which don't resemble the action on any real weapons other than a crossbow maybe. This video tutorial on making a gun out of Legos stands out from the pack because it features a bolt action, the same type used on rifles since the Civil War.

That shoots! Shooting LEGO gun tutorial.

Most Lego guns require you to feed ammo, or at least cock the gun, every time you shoot. Not so with this model. This video features step-by step instructions and a demonstration of how to build a semiautomatic Lego rubber band gun quickly and easily.
