Prince of Networks offers an alternative via Latour. Heideggerian concepts are introduced, but unlike in Harman's earlier books, in this one the Heideggerian concepts are introduced parsimoniously, with explanation and motivation for why any of them are necessary or profitable to introduce; and they're related back to the Latourian ideas of the earlier part of the book (this careful and always-with-justification use of Heidegger is perhaps done in part because Latour himself is not ...

Prince of networks: Bruno Latour and metaphysics

Graham Harman's book Prince of Networks is a wonderfully eloquent exposition of the metaphysical foundations of Latour's work. This is not an introduction to Latour. It is rather a skilful and penetrating interpretation of his work, as well as a insightful Heideggerian critique. At last somebody has taken Latour to heart and to task.
