We live in an ever-changing world, where people with different interests and goals have to deal with an unpredictable future. In this world, everybody is solving problems every day.

Solving Complex problems - Boom hoger onderwijs  
Group Problem-Solving Process. There are several variations of similar problem-solving models based on US American scholar John Dewey's reflective thinking process (Bormann & Bormann, 1988). As you read through the steps in the process, think about how you can apply what we learned regarding the general and specific elements of problems.
