*Decision Quality Defined | Strategic Decisions Group*

Decision analysis is a field of engineering developed by mathematicians in the mid-20th century at Stanford and Harvard. It uses a mix of math, philosophy, and gut instinct to guide individuals and organizations toward making better decisions. This method is used in many large organizations such as Chevron, Pfizer, and the US military.

*learn.stanford.edu*

Successful decision-making processes are not intuitive. In order to make great, or even good, decisions under pressure, you need a structured framework. You must clarify the problem that needs to be solved, explore the available options, understand the impact of your decision, and commit to your ...

*Decision/Risk Analysis | - Stanford University*

Decision Quality (DQ) has focused exclusively on clarifying and achieving our purpose while treating the heart solely as a source of biases that need to be circumvented. We build on the good work of DQ by according equal importance to both the head and the heart , or purpose and meaning , and offering an updated framework that integrates the two dimensions.

Decision Quality: Value Creation from Better Business Decisions [Carl Spetzler, Hannah Winter, Jennifer Meyer] on Amazon.com. \*FREE\* shipping on qualifying offers. Add value with every decision using a simple yet powerful framework Few things are as valuable in business

*scpd.stanford.edu*

Decision quality concepts were first developed in 1964, building on developments in statistical decision theory and game theory by Professor Howard Raiffa of Harvard University, and dynamic probabilistic systems by Professor Ronald A. Howard of Stanford University.

*Decision Quality: Value Creation from Better Business ...*

Few skills are as valuable in business—and in life—as the ability to make good decisions. Imagine how rewarding your life and business could be if every decision you make was the best it could be. If you know how to assess decision quality, you can make the best possible choice and get more of what you truly want from every decision.
