Member states of course need to respond to the threat posed by Islamic State and al Qaeda but, while headline grabbing and horrific for those targeted, the scourge of Islamist terrorism is not an ...

---

Thinking About Terrorism - The Atlantic

The main terrorist threat today in the United States is best understood as emerging from across the political spectrum, as ubiquitous firearms, political polarization, and other factors have combined with the power of online communication and social media to generate a complex and varied terrorist threat that crosses ideologies and is largely disconnected from traditional understandings of terrorist organizations.

---

National Terrorism Advisory System | Homeland Security

Although the military threat is similar to the terrorist threat in terms of physical composition, the scope of the incident and required concepts and equipment are entirely unique. We have to develop a sustainable, effective solution that can be employed throughout the year to protect untrained noncombatants.

Part IV. What is the Threat to the United States Today?

The number one "terrorist" threat faced by Americans comes from within, with all of the lethal attacks in the U.S. since 9/11 carried out by a U.S. citizens or legal residents. But the U.S. still lacks a domestic federal terrorism law that would help target U.S.-based terrorists like they do terrorists overseas.

---

Thinking About Terrorism: The Threat to Civil Liberties in ...

Thinking About Terrorism: The Threat to Civil Liberties in a Time of National Emergency By Michael E Tigar This is an examination of the responses of governments throughout history to terrorist threats, including those in our own nation's history, and an analysis of the U.S. government's responses to the terrorist attacks of 9/11.
