with a shaft drive instead of a chain or belt final drive system, as well as a V-twin engine of that size. Its heavily chromed body styling was also distinctive.

Yamaha Virago: History

The starter relay (solenoid) is big power relay. Starter motor (ger. Anlasser) is very powerfull DC motor which starts the engine and loads big current from a battery while starting. The small start switch on handlebar couldn't withstand switching of such a big current for starter motor so it leaves this job to starter relay and is used only for engaging starter relay which furthermore switches ...
